

HME Chrome™ Drive-Thru Headset

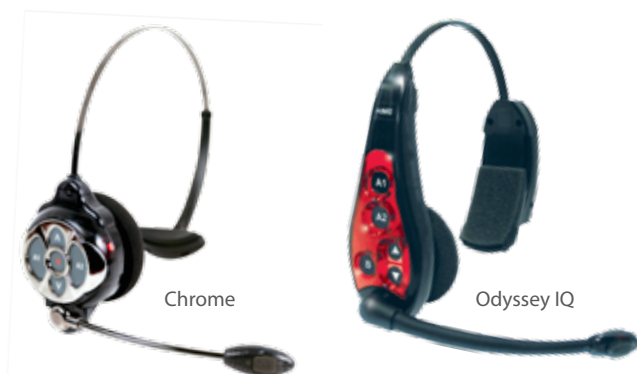

Enhanced Headset Replacement for Odyssey IQ™

All-New Headset. Same Great Price.

The all-new HME Chrome replacement headset is 40% lighter than the Odyssey IQ, making it a more comfortable fit for your drive-thru crew. Made with stronger materials and an enhanced and proven design, Chrome's steel boom and headband greatly improve product reliability and durability by eliminating common All-in-One headset repairs.

As an added value, when you move to the EOS | HD® base station, you'll experience HD Audio. Chrome headsets are fully compatible with the EOS | HD system, saving you the headset reinvestment expense.
